SUMMARY

I am an experienced Front-End Developer with 1 years of experience in creating interactive and responsive web applications. Proficient in HTML, CSS, JavaScript, React, Redux, React Native and more frameworks, I am skilled in translating UI/UX designs into high-quality code that is both functional and visually appealing. I am also experienced in collaborating with cross-functional teams and have a passion for staying up-to-date with the latest trends and technologies in web development. Hardworking and like teamwork. Strong passion for creating beautiful and functional web experiences. I am expect a good environment and experienced colleagues in my workplace. Don't have problems with learning new things on my own.

EDUCATION

National Polytechnic University of Armenia

Institute of Information and Telecommunication Technologies and Electronics
